Its playful, Scandinavian inspired design, with a distinct round backplate, captures an eclectic and retro feel, whilst its timeless shape delivers the optimal grip, ensuring your handle choice is as functional as it is beautiful.

EDGE

Subtly sculpted into the perimeter of the door, Edge offers a refined and considered handle that is equally suited to modern or traditional homes.

Appearing to be at one with the door style, its beautifully curved corners soften the overall design, whilst adding depth and interest, creating an inviting and unified appearance.

CHANNEL

The linear appearance of Channel offers a contemporary and reserved handle with a subtle emphasis towards flow and movement, synonymous with a seamlessly sleek design.

This sophisticated shape features slightly rounded edges and a striking rectangular backplate, to create an ergonomic handle that reflects the modern nature of a contemporary design.

EXTENDED CHANNEL

A natural evolution of Channel, Extended Channel's bold, geometric shape creates a beautifully sleek, ultra-modern appearance.

Influenced by German design, its slightly rounded edges and elongated backplates combine to deliver a functional yet adventurous handle, perfectly suited for the modern-day homeowner.

EDGE

SHOWN HERE ON MORNINGTON SHAKER

Offering a modern twist on this classic shaker, our beautifully crafted Edge handle has been subtly sculpted into the perimeter of the door, allowing for a design that is as attractive as it is functional. Appearing to be at one with the door, thanks to the perfectly painted matching backplate, the slightly turned-up corners provide a softer, unified appearance, whilst still retaining a handleless appeal.

A muted yet warming colour palette, combined with classic cornice, a striking waterfall down-stand, and open shelving, gives the illusion of a traditional farmhouse scene, whilst the U-shaped layout, full height appliance bank and exposed wine rack, allows for a 'new build' feel at the same time.

The simplistic design is continued right through to the utility room, offering the homeowner a free flowing, dynamic space, perfectly situated for a busy family life. And, ensuring the kitchen really does cater for everyone, a built-in dog shower and bed has been cleverly factored in to this multi-functional, hub of the home.

EDGE

SHOWN HERE ON HUNTON

A completely different take on a muted palette, Hunton Edge provides a relaxed, pared back space, that remains dignified and controlled throughout. The astute blend of smooth painted Porcelain doors, with a combination of either matching Porcelain or striking Carbon backplates, offers depth and interest through accent features, ensuring the overall canvas remains simple yet impactful.

With our new-found outlook on a happy yet healthy work-life balance, this multifunctional room offers a perfectly proportioned space, allowing for family life, entertaining or simply somewhere to gather at the end of the day. The open-plan design is effortlessly optimised through floor-to-ceiling windows, full height wall units, and an integrated breakfast bar, whilst even the most unassuming of spaces has been accounted for, courtesy of a Carbon coloured 'home bar' and wine fridge.

Proving that this handle really can work well in any setting, the combination of both a painted Porcelain and painted Carbon, offers a tonal hue without being overpowering, whilst still retaining a versatile linear feel, complementing the detail of a traditional Shaker door.

CHANNEL

SHOWN HERE ON PORTER

Two handles, both exclusive to Porter and with the same sophisticated linear appearance, offer a considered, symmetrical feel to this minimal design. Featuring slightly rounded edges and a striking rectangular backplate, Channel perfectly emphasises the flow and movement within this sleek and seamless space. In addition, Extended Channel perfectly provides a natural evolution of its smaller namesake, with an elongated geometric shape, creating an ultra-modern appearance for our most popular contemporary door.

Synonymous with German kitchens, this space has everything you would expect from 21st century design, carefully considering every element to ensure it delivers a highly functional aesthetic that exudes luxe and ambience. Floor-to-ceiling wall units, housing an appliance bank and cleverly composed cook's cabinet, blend beautifully with a super contemporary, imposing island, to offer maximum impact with minimum effort. Beautifully separated by a Silestone Seaport breakfast bar, the double Island offers a multifunctional space for food preparation and a wet area, whereas the Walnut backplates, open shelving and huge windows, allow for a natural ambience letting the outside flood within.

If opting for a dark kitchen, it is worth noting that darker shades can show up fingerprint marks more easily than lighter finishes, however these are easily removed with a soft Microfibre anti-scratch cloth.
